Evolving Solutions for Hotels

Total Water Management

Our wide variety of Offerings

For any Hotel, it's of paramount importance to excel in its services to attain utmost customer satisfaction and delight. And one of the main ingredients to achieve it is Quality Water! For any guest, five star experience is of great importance and is reflected through the Room aesthetics including Clean Bathroom fixtures & fittings, spotless mirrors & floors, pure drinking water, safe usable and constant pressure water for bathing and other activities.

Furthermore, Hotels often are amazed at the difference that the quality of water could bring to many of the facets like Food taste & nutritional value, Linen softness, Clean towels, Clean and clear glassware etc. On the cost saving front using quality water by Fontus Water means no more replacement of expensive equipments whilst boilers, steam ovens, dish washers, laundry equipments, bathroom fittings & fixtures: bathtubs, Mirrors etc, all remain spotlessly clean and require no descaling. Apart from this Fontus water also helps you reuse the grey and sewage water in your hotel processes like toilet flushing and gardening thus ensuring reduction in water consumption. Fontus water delivers remarkable solutions to all these problems and offer high precision products and systems for truly pure and safe water, adding to your customer's experience reflecting Hotel's reputation.
